FBI-King Section 91 Serials 6177- 6237 345 pp released

Unrecorded 2/2/77 J.S.Peelman to Mr. Gallagher (initials JTA/HNH, belonging to [redacted] repeated often in these last sections) is in the OPR report. It says they believe changes for their [redacted] observations have to do with "Disdain for Department supervision." 1/31 Shaheen delivered a copy and said he thought it was releasable." Ref on p. 2 to other changes outlined below.
On page 7 they got Shaheen to eliminate 4 informant symbols appearing as a list of microphone surveillances against (sic) King in NYC.

Second unrecorded of 2/2/77 is on inventory of fingerprints in JFK, MLK assassinations. Ruby's and King's destroyed in "routine purge" seven years after deaths. Ruby's found 1/7/77. King's same date.

Unrecorded 1/19/76, Peelman as above, same initials, on OPR report, 22 pp. 1b on exemptions. Purpose: to advise of contents and furnish observations to AG With 1/22/76 memo Shaheen furnished draft to Director. Seems identical with earlier one. Attached memo to AG on report, 1/21(?)/76, 10 pp. P. 2 notes Department never responded to requests for surveillance. FBI withdrew it after Ray's capture.

6194 is offer of former Louisville SAC to make statement he knows nothing about Clifton Baird charges and believes he would have if true. Followed by unrecorded Louisville TT on Gene Snyder. This is fuller account than I recall in any one story and has a few comments I recall from no other source. 6195 is more. Buagents and AUSA tried to interview him. Wife would not say where he was working for Pinkerton. 6197 is apparent facsimile from Louisville on this quoting Jim under head "Ray lawyer dismisses story of plot in Louisville to kill King." Date 3/22/77. 6198 is more stories, unclear as above is unclear. 6200 is more, 3/20 of 3/19 story. 6201 forwards copies story and cassette of Snyder on WHAS-TV. 6202 Louisville TT on 3/29 second effort by agents to "contact" Baird. He would not talk, asked them to leave. 6203 is FD 302 on this. 6206 if Louisville airtel of 3/30/77. Louisville indices indicate a file on him was destroyed 2/28/77. Attached LHM reviews the Snyder matter and has clearer copies of stories attached. Total 30 pp. Last page says he was subject of civil rights complaint, brutality, in 1963. Next after other skipped material is unrecorded 4/18/77 to Criminal, Keuch (who is handling relations with House committee) on the Myron Billett story in earlier serials. He has Gambino in on an [redacted] offer, Alias Paul Buccilli.
